Erboritain Guffanti (blue cheese and chocolate)

Description

A sweet new addition to Guffanti's lineup. A modern reinterpretation of the classic Guffanti Blueberry Praline. A chocolate Napolitain (both milk chocolate and white chocolate) with a heart of blue cheese, thanks to the union of the words ERBORinato and napolITAIN, the ERBORITAINs by Guffanti are born. Each praline bears the name of the founders of Luigi Guffanti Formaggi, namely Luigi and Dirce (husband and wife). Dirce is made of milk chocolate with Novara blue cheese, while Luigi presents white chocolate with Sancarlone blue cheese and coffee inside. The two Napolitains united form a heart, the great heart of the women and men who produce and work the cheese and the great heart with which Guffanti has passed down its cheesemaking tradition over time. Available bulk (code 9900105), in a box of 18 pieces (code 9900106) and in a bag of 24 pieces (code 9900107). You can find them in the shop in Arona or on the online shop. [guffanti_pdf_button]
